

ATF 15 LVB

Description

A very high graded, very low viscosity automatic transmission fluid based on special selected synthetic base oils, with a high viscosity index and a number of selected additives to obtain the following properties:

- important contribution fuel economy
- excellent lubrication
- very good resistance against oxidation and a very high thermal stability
- excellent and very stable friction characteristics that enable longer oil-replacement intervals
- excellent resistance against foaming
- excellent protection against wear
- a very high and stable viscosity index
- dark blue coloured

Application

This premium synthetic product is specially formulated for the lubrication of the latest generation of automatic 7G-Tronic Plus transmissions from Mercedes-Benz for which an oil with the specification MB 236.15 is required. This oil contributes considerably to the realization of fuel saving.

Specifications

Performance level:

- MB 236.15

Typicals

Density at 15 °C, kg/l	0,840
Viscosity 40 °C, mm ² /s	18,80
Viscosity 100 °C, mm ² /s	4,40
Viscosity Index	150
Flash Point COC, °C	188
Pour Point, °C	-57
