

## ATF Ford

### Description

A high grade automatic transmission fluid formulated with solvent refined base oils and a number of selected additives to obtain the following properties:

- a high and stable viscosity index
- a very low pour point
- a good stability against oxidation
- a positive activity against wear, corrosion and foam
- specific friction properties
- a perfect compatibility with seals and non-ferro metals
- red colour

### Application

Applicable for all automatic transmissions, power steering units and torque converters, for which an ATF type Ford is required.

### Specifications

Performance level:

- Ford M2C33-F/G
- Ford M2C9007-AA
- BorgWarner
- Volvo 97330

### Typicals

Density at 15 °C, kg/l	0,855
Viscosity 40 °C, mm <sup>2</sup> /s	33,60
Viscosity 100 °C, mm <sup>2</sup> /s	7,21
Viscosity Index	178
Flash Point COC, °C	195
Pour Point, °C	-42
