

## Chain-Saw Oil 320

### Description

This chain-saw oil is based upon high quality low aromatic solvent-refined base oils under addition of special additives to obtain the following properties:

- a very high grade of tackiness, preventing the oil from fling of the chain
- excellent lubricity

### Application

This chain-saw oil has been specially formulated to lubricate the chain of chain-saws preventing this oil from overheating and loss of strength. The high grade of tackiness prevents the oil to fling from the chain. The chain-saw oil cannot be used for the lubrication of the engine of the saw.
