

Gear Oil Alcat 60

Description

A special oil for hydraulic- and transmission equipment formulated with solvent refined base oils and selected additives to obtain the following properties:

- a low pour point
- a very good stability against oxidation
- very good anti-wear properties, that gives a longer duration of the final drive
- specific friction-properties, which grants an optimum use of the power shift transmissions
- applicable in systems with «wet» brakes
- excellent corrosion and foaming preventive properties

Application

This oil is special developed for the lubrication of power shift transmissions, differentials, final drives and hydraulic equipment of earth-moving equipment, for which a Caterpillar TO-4 or Allison C4 fluid is required.

This oil cannot be used in engines.

Specifications

Performance level:

- Allison C4
- Cat TO-4

Typicals

Density at 15 °C, kg/l	0,902
Viscosity 40 °C, mm ² /s	339,60
Viscosity 100 °C, mm ² /s	25,20
Viscosity Index	97
Flash Point COC, °C	240
Pour Point, °C	-12
Sulphate Ash, %	1,32
