

Gear Oil UTTO

Description

A nowadays universal hydraulic and transmission oil formulated with solvent refined base oils and selected additives to obtain the following properties:

- a high and stable viscosity index
- a very low pour point
- a very good stability against oxidation
- good extreme pressure- and anti-wear properties
- optimal friction properties and therefor applicable in systems with «wet» brakes
- excellent corrosion and foam preventing properties

Application

This universal tractor transmission oil (UTTO) has been developed for the hydraulics and transmissions of most generally used agricultural and road-construction equipment.
