

## LB MT/LD Gear Oil 75W80

### Description

LB MT/LD Gear Oil 75W80 is a product of the LB (Level Back-up) product range. These products are based on the officially approved formulas, using the same high-quality additives, but the base oils have been replaced with equivalent alternatives. This creates equivalent products in terms of quality, with a performance level corresponding to the originally approved products. However, because no field tests have been conducted, the product may be claimed only to meet the mentioned performance levels.

### Application

This gear oil is special developed for gearboxes under very heavy duty conditions together with high temperatures. This oil can also be used for extended drain intervals.
