

Two Stroke Ashless

Description

A two stroke engine oil formulated with carefully selected high quality base oils and special ashless two stroke additives to achieve the following properties:

- a perfect lubrication of all motor parts
- a powerful detergency and activity against wear and corrosion
- a limited formation of smoke

Application

This two stroke motor oil is advised for all outboard engines and is used in a ratio of 1 part of oil to 50 parts of gasoline. Other mixing ratios are also possible, it is recommended to adhere to the mixing ratio prescribed by the manufacturer.

Specifications

Performance level:

- NMMA TC-W3

Typicals

Density at 15 °C, kg/l	0,876
Viscosity 40 °C, mm ² /s	35,60
Viscosity 100 °C, mm ² /s	6,29
Viscosity Index	126
Flash Point COC, °C	107
Pour Point, °C	-30
